

## Voyager Language Immersion for Key Stage 2

With 25 years' experience in providing language immersion experiences, we at Voyager School Travel are confident that our tried and tested programmes offer unparalleled educational benefits, supporting your students' learning in languages and beyond. To demonstrate this, we have aligned our programmes to MFL curriculum objectives at Key Stage 2.

### MFL Curriculum

Uniquely, we have experienced native group leaders leading each trip who ensure that all communication, from arrival to departure, is in the target language. This includes instruction for all activities, taking part in tasks, mealtimes and games, and students are encouraged to respond and demonstrate understanding verbally and in writing. This continued and consistent exposure to the target language means that many of the speaking and listening aspects of the MFL curriculum are covered. Reading and writing objectives are achieved with the programme-specific workbooks, given to each student taking part.

### Positive mental wellbeing and attitude towards language learning

With the mental wellbeing of your students being of paramount importance, we firmly believe that our trips promote resilience and confidence, allowing the students to problem solve, take risks in a safe environment, make decisions and work together as a team. We provide the opportunity to broaden students' horizons to encourage them to step beyond familiar cultural boundaries and develop new ways of seeing the world.

### Cross-Curricular

In addition to language learning, our programmes also cover a range of cross-curricular objectives, depending on the centre you choose and activities available:

| Activity  | Curriculum links  |
|---|---|
| Market Mission<br>Students are tasked with going to market and buying the ingredients for a picnic                          | SMSC: social skills; participation; cultural understanding; exploring & improving understanding |
| Cooking<br>Students follow instructions in the language and make their own bread  | D&T: nutrition and health; cooking techniques   |
| Adventurous activities<br>Instructions are given in the language and students take part when they demonstrate understanding | PE: outdoor and adventurous activities  |

A choice of local excursions ranging from local producers, landmarks, historical sites, museums and galleries can be included in your trip, covering a variety of cross-curricular objectives in subjects such as history, geography, science and art.
